DC, especially any local official, has no legal grounds to stop you from bringing guns. See: DC vs Heller. Ignore the order not to bring guns. They have no legal right to it, and they also will not be able to enforce it. ([www.oyez.org](http://www.oyez.org))

4 We're all going to DC because they won't follow the laws. Justice in America is dead until we take it back.

0 I believe Heller only applies to the ownership of the gun inside the home, not carrying outside. Be safe guys.

-2 If you bring a gun to DC you are risking being arrested and missing the demonstration. You won't get out of being arrested by arguing heller to a police officer.

0 unless you are willing to shoot it out with the police you should be prepared to be arrested.

The OP is trying to get anyone stupid enough to follow his advice arrested. If that is what you still want to do anyway... go for it.

▼<sup>1</sup> Honestly the court case doesn't even REALLY matter because their "laws" against carrying are completely unConstitutional. Furthermore, they will not follow the Constitution themselves and it is up to us to turn things back. Finally, they won't be able to enforce anyway because there will be AT LEAST 1 million people there if not twice that or more.
